

FLUKE 179/61 Industrial Multimeter and Infrared Thermometer Combo Kit

Multimeter and Infrared Thermometer Combo Kit

Created for industrial, HVAC, and facility maintenance. Rugged true-rms multimeter with a built-in thermometer to troubleshoot electrical and electromechanical problems plus a laser guided, non-contact infrared thermometer for measuring rotating or energized equipment, packed in a durable carrying case.

Fluke 179 True-rms Digital Multimeter with Temperature

- True-rms voltage and current in a rugged package
- 1000 V ac and dc ranges
- Larger, easy-to-read display
- 0.09 % accuracy. 3 times better than the original Fluke 70 Series
- Backlight for use in dark areas
- Current measurements to 10 A, 20 A for 30 sec.
- Resistance and continuity
- Frequency and capacitance
- Min/Max to capture intermittent readings
- Built in thermometer – probe included
- Attach to steel surfaces with optional TPAK magnetic hanging kit
- 1000 V CAT III electrical safety rating
- Limited lifetime warranty

Fluke 61 Infrared Thermometer

- Safely measure temperature on rotating or energized equipment
- Bright laser beam provides easy targeting
- Simple to use
- Shock-absorbing holster increases ruggedness
- Celsius or Fahrenheit readout
- 0.2 °C (0.5 °F) resolution for precise readings
- Backlight for use in dark areas
- Automatic sleep mode extends battery life
- Alkaline batteries provide 4000 typical measurements
