Pocket Sabre™ 1820 Flashlight

The Pocket Sabre 1820 flashlight descended from Pelican's famous [SabreLite 2000](#). Built to last, the unbreakable ABS body resists chemicals, water and corrosion. The polycarbonate lens and focused Xenon lamp module produce a tight white beam that penetrates any hazardous condition. All these features and safety approvals, too. It comes with a twist-on shroud, is submersible, and powered by 2 C alkaline cells.

Minimum Pack 6 ea.

Packaged Weight: 9.4 oz.

Pocket Sabre™ 1820 Flashlight Specifications
